MEMORANDUM FOR: Executive Officer to the DDA

25X1 FROM:   
Director of Communications

SUBJECT: Review of Secretary Shultz's Draft Testimony  
for the Senate Foreign Relations Committee  
on  
25X1 State's Diplomatic Security Act

REFERENCE: A. OLL 86-0116/1, dtd 17 Jan 85, Same Subject  
B. DA 85-2184/12 dtd 12 Jul 85, Same Subject

25X1 1. The Office of Communications (OC) has reviewed Reference A and finds it to be a very appropriate document. We agree with the substantive issues addressed in this draft testimony, and if implemented, believe improved security will result.

25X1 2. Reference B was the DA response to the DCI regarding the Inman Study. Concerns from this Office were voiced in paragraph 1.e of that document and remain valid today in that proposed joint overseas inspections should not limit our unique responsibilities.

3. We have numbered the draft pages 1-14 and offer the following comments:

- a. Page 1, second paragraph--suggest adding the following to highlight that all Americans should benefit from the Administration's proposals. "We must protect official Americans and their dependents from these criminal activities which will ultimately benefit the safety of all American

b. Page 2, second paragraph--suggest adding the  
following for clarity as the Inman Panel is referred to  
on Page 5 ". . . Advisory Panel  
on Overseas Security  
headed by Admiral Inman . . . ."

c. Page 9/10 Section entitled "The Chain of  
Command"--while we support the concept of a simplified  
management structure concerning  
security issues, this Agency  
should not relinquish authority  
over our unique responsi-  
bilities as previously discussed. Page 11, first paragraph,  
indicates however, that intelligence activities as defined by  
Executive Order will not be affected by this proposal.

d. Page 12, third bullet addresses the subject of  
improved technical security which again we support as  
long as the equities of this  
Agency are preserved.

4. Please advise if I may be of further service.
